Notes:

* The symbol 'n.a.' used in this publication means not applicable or not available.

* Totals may not equal the sum of components due to rounding.

* In order to meet privacy regulations, the following measures have been applied.
(a) Number indicators shown may have been rounded to the nearest multiple of 5.
(b) Statistics for some items may not be included in some tables.

* The industry groups are classified based on the Australian and New Zealand Standard Industrial Classification (ANZSIC) 2006 codes on the Australian Business Register.

1 The term 'net business income' in this table refers to the sum of net business income primary production, net business income non–primary production, distributions from partnerships primary production, distributions from partnerships non–primary production, distributions from trusts primary production and net farm management withdrawals less deposits. Distributions from trusts non–primary production generally comprises income from investments, and thus has not been included in identifying taxpayers with net business income.

2 The statistics for the 2008–09 and 2009–10 income years were sourced from 2009 and 2010 individual income tax returns processed by 31 October 2010 and 31 October 2011 respectively. The statistics are not necessarily complete. For further information please refer to the 'Source of personal tax statistics' section in the 'Personal tax' chapter of *Taxation statistics 2009–10*.
